XTCII-HD FULLY AUTOMATIC

SeaXchange WaterMaker

Spot Zero's SeaXchange XTCII-HD Series is the most compact, fully automatic reverse-osmosis system for commercial boats to superyachts. With one-touch operation, XTCII-HD WaterMakers keep your freshwater tanks full. Programmable logic control software monitors and regulates all system functions without operator intervention. With production capacities up to 6,000 GPD (22,700 LPD), the XTCII-HD is the perfect desalinator for boats with large freshwater volume capacities.

SEAWATER

50 / 60 Hz
1/3 Phase

KEY BENEFITS

- Effortlessly make freshwater
- Turn seawater into freshwater anytime, anywhere in the world
- Never run out of water
- Quiet, powerful and energy efficient
- Confidently extend your trip
