Astondoa TOPDECK 65

Put the Fun Back into Boating

Topdeck not only takes you
to your destination in total comfort,
the yacht itself is a
spectacular destination

6

Topdeck 65

The Astondoa TOPDECK 65
is the first of a series of boats designed for fun with friends and family.

7

8

Based on a fresh and innovative concept.

The TOPDECK 65 is a private island that goes wherever you want to go. The only problem is, with the amount of recreational space and amenities it offers inside and out, you and your friend may never want to get off!

Topdeck 65

The expandable swim platform becomes a real beach club.

A huge garage allows you to tug a full load of tenders and toys.

Topdeck 65

A glass-enclosed Jacuzzi, an easy-to-maintain TOPDECK and a large entertainment lounge, equipped with large movie screen and game console, will appeal to adults and children a liked.

Topdeck 65

Easy to use

Equipped with IPS and joystick maneuvering, the boat is fuel efficient and easy to operate. The draft allows you to dock just about anywhere. Once you have reached your favorite mooring, the garage, swim platform and side bulwarks unfold at the touch of a button, adding 25 square meters (269 square feet) of entertainment space.

Guardrails are available to keep your children out of trouble, but can be removed and stored away.

Topdeck 65

Easy to love

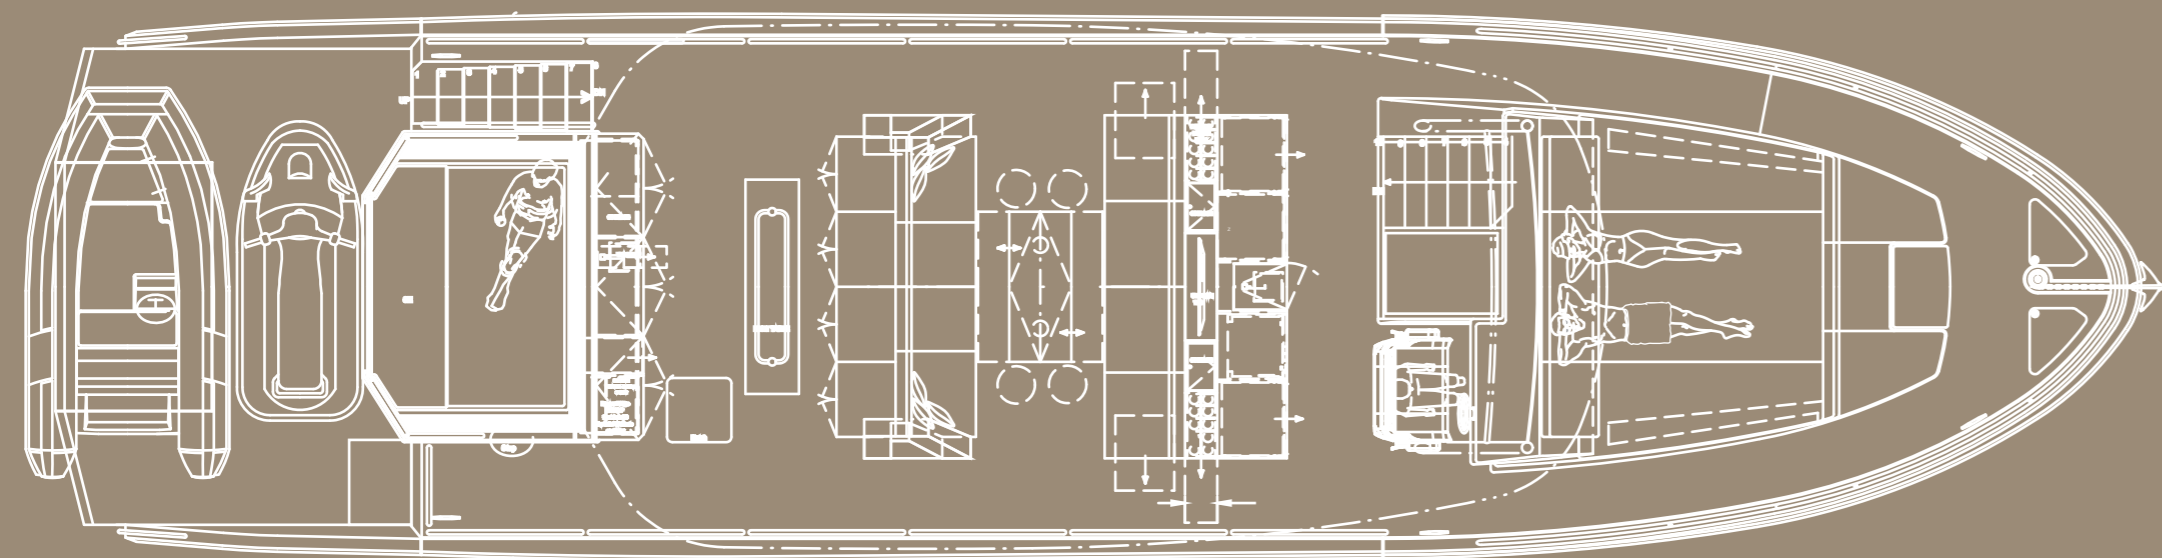

It's an ideal day boat to cruise a few miles off shore and enjoy a full day of fun in the sun. You can play, swim, fish and grill all day, and spend the night in all comfort. A beautiful and bright cabin with queen bed is perfect for a couple, and a second cabin with twin beds and a Pullman will be attractive for single friends or children. The designers perfectly studied the placement of the bar stools and the sofas in the panoramic lounge belowdecks so that, even in case of a rainstorm, you will not feel confined.
